City of Canyon Special Election on $100,000 Bond Issue on June 1

Water and Sewer Issue and Paving Bonds Will Be Voted Upon By Taxpayers

The voters of Canyon will be called upon to vote on a $100,000 bond issue on Saturday, June 1.

Two propositions will be presented: 1st, a bond issue of $60,000 for water and sewer extensions; 2nd, $40,000 for street paving.

Mayor W. A. Warren and members of the City Commission have pointed out several times that Canyon must have the water extension, or the property owners will be penalized by an increase in fire insurance rates. It seems to boil down to the point that the property owners are going to be penalized this amount, or even more, should we fail to vote the bond issue. By voting the bond issue the city will have the advantage of the improved water and sewer system. The city has reached the point where the water plant must be extended if Canyon continues to grow.

The principal paving will be on 8th Avenue. It is planned to pave this avenue from Highway 87 to 10th Street, running north and south in front of the public school. The city will pay one-third of the cost; and the property owners on each side of the street one-third of the cost. The City Commission plans to make this a 40 foot pavement in order to divert the busses from 5th Avenue. Commercial and school busses would be confined to 4th and 8th Avenue, and would come to the square on 15th Street, in front of the Bank.

When Highway 87 is made four lanes through Canyon, it will be necessary for the city to build new approaches. Also there are several connecting streets which need paving. The bond issue is sufficient to do all of this work.

The bonds have not been contracted, and therefore the rate of interest has not been set. Several bond buyers have been here and state that the rate should be about 1½% since Canyon has an excellent financial rating.

American Day At Presbyterian Church Sunday

Sunday, May 19, has been designated by the President of the United States as the day to recognize the new citizens of our country. It will also be a day for all citizens to consider their duties, responsibilities, and privileges as citizens of this democracy.

At the morning service at the Presbyterian Church the pastor, the Rev. Robert W. Jones, will preach on the theme, "I Am an American."

James Harmon, accompanied by Mrs. Harmon, will sing "Crucifixus" by Faure.

At this service recognition will be given to the men and women who has served our country in the armed forces during the World Wars. All who are represented on the service flag are urged to attend with their families. A few moments of silence in memory of the two men represented by gold stars will be observed.

The cub, boy, brownie and girl scouts are invited to attend in uniform. The scout movements are sponsoring good citizenship.

The Church has helped to make America what it is. The Church still has a great responsibility in this nation.

There will be no evening service at the church. The pastor will be in Silverton preaching the Baccalaureate sermon to the seniors of the Silverton High School.

Judge Slack Does Not Remember Man Killed in Dallas

According to the Dallas News, James M. Love was found dead along a railroad track in Dallas Friday morning. He had been hit by a train.

On his body was found a letter written by Judge Burney Slack stating that he was on his way to a hospital in Savanah, Mo.

Mr. Slack states that the letter was written about 10 years ago. He does not remember the man. There were many transients passing through at that time, while Mr. Slack was County Judge. He does not remember whether the county gave aid to the man, or that he merely wrote a letter for Love.

Mr. and Mrs. W. E. Bennett and sons of Amarillo spent Sunday in the parental G. B. Bourland home.

CALVES DEFEAT EXES

The West Texas State Calves defeated the Exes in a 12-0 victory last Friday night.

The Calves kicked off to the Exes, but they made no headway, and the Calves soon recovered the ball.

During the second quarter, Tommy Airhart plunged over the goal line to make the first score. The extra point was not good.

It was a hard fought battle as both teams were trying to score.

I'M Getting Fed Up With This!

Methodist Hour on Radio Sunday a. m. at 7:30 O'clock

Dr. Charles E. Schofield, author, editor and college administrator will discuss "A Faith for Days Like These" over an independent regional network of 38 radio stations, Sunday morning, May 19, on the Methodist Hour.

These programs are presented through the Southern Religious Radio Conference, a cooperative endeavor of the Southern Baptist Convention, the Presbyterian Assembly and The Methodist Church. A highwater mark of inter-denominational cooperation is evidenced in the broadcasts for May, in that all three denominations are broadcasting at various Sundays in May and each radio committee has changed its schedule in order to accommodate the wishes of the other denomination.

Dr. Schofield is a native of Nebraska; he was educated in Colorado and Boston University and is author of "The Gospel of Opportunity," "We Methodists," and a number of manuals and essays.

All programs of the Southern Religious Radio Conference are heard over radio station KGNC at 7:30.

Mr. and Mrs. Thomas L. Devin entertained Mr. and Mrs. D. A. Nicholas, Sr. and Mr. and Mrs. Dean Nicholas for Sunday dinner.

Mr. and Mrs. Curtis Lowe and daughter, Billie Gen, of Gruver were week end guests at the home of Mr. and Mrs. G. B. Combs.

Mr. and Mrs. Harley L. Stone of Amarillo were dinner guests of Mr. and Mrs. Kenneth Gibson Monday evening.

Improvements at the Cemetery

Two Men are Employed to Look After Work at the Dreamland Cemetery

At the regular meeting of the Cemetery Association reports were made on the satisfactory progress of the development of the cemetery.

The new well with casing is paid for, all parts are ordered and will be installed on arrival.

Two regular men are now employed to care for the grounds. With the assistance of individuals the grounds have been put in good condition.

Keen appreciation is felt by the association members for the cooperation and help that has been given in the work undertaken and for the generous response made to the call for funds.

Only Small Part of County Shows Good Wheat Crop

A considerable acreage of wheat is being plowed up due to the continued dry weather. Should heavy rains fall this week, a large acreage of wheat would not raise a profitable crop.

The best wheat in the county is in the northeast section. Two half-inch rains have fallen in this section which missed the balance of the county. This year makes the sixth consecutive year that good crops have been raised in this section. There are fields of good wheat both north of Umbarger and in the southwest section of the county.

About two-thirds of wheat acreage in the southeast section of the county is being plowed under or grazed.

A light shower of .04 of an inch Sunday night was the only moisture received during this week.

Citizenship Day Was Observed by the Rotary Club

In keeping with the annual Citizenship Day on May 19, the Canyon Rotary Club observed the day Tuesday with the program directed by Herschel Coffee.

Two new citizens, Mrs. O. C. Rampley anud Ivan Bullard, discussed the meaning of the day, and the obligations of being citizens and voters.

Canyon was the first town in Texas to observe this day, which has been set aside by a resolution of Congress.

Visitors were: Chas. Brown of Houston; Bill Knight of Chattanooga, Tenn., Rev. Dick O'Brien of Big Springs; Dr. A. K. Knott, Rev. Joe Pindley, Mitchell Jones, O. C. Rampley, all of Canyon; C. R. Janak, C. S. Lambie, E. Jobe, Arch Hunsley, O. K. Lewis, John McCarty, all of Amarillo.

Mrs. James H. Scott of Leavenworth, Kansas is visiting this week with her mother, Mrs. Guy B. Tabor.

Mr. and Mrs. Shorty Prichard and daughter of Amarillo visited relatives in Canyon Sunday.

Mr. and Mrs. Charley Pruitt and girls of Clovis, N. M., visited her mother, Mrs. T. I. Hollis last week.

Mrs. Lela Fife of Dallas returned home Saturday after a visit with her aunt, Mrs. T. I. Hollis.

Jerry, Fern and Monte Ludlum left Friday to make their home in Patterson, California.

Mr. and Mrs. C. R. Gilliam have moved from Bushland to Canyon.

Mr. and Mrs. Dean Nicholas left Sunday for their home in Fargo, Oklahoma.

Editorials

Officials in every town of the Panhandle are worried about the flock of grafters who are working this section. Their rackets run all the way from selling advertising in useless publications, to putting out fans, song books, etc. As usual they always get some local organization to sponsor their project, and take one or more local people with them. When the project is finished everyone connected with it is ashamed that he had anything to do with the hold-up. The facts are simple: If any local organization feels the need of money to carry on its work, why does it not go directly to local people and ask them for donations? Why pay some outsider fifty per cent to accompany local people on their rounds of soliciting? It is the presence of these local people that puts over the deal. This is a job for the Chamber of Commerce. Let's have an advertising committee which will pass on such things. Cut out all grafters, and approve only such projects that show merit. Then comes the big test: IF LOCAL BUSINESS MEN WILL STICK TOGETHER AND NOT PATRONIZE THESE GRAFTERS THE RACKET WILL BE STOPPED. The Newsman always calls for such a letter of recommendation from these solicitors. The grafter always smiles and says that he does not bother with such letters as local business men pay no attention to such recommendation anyway. That is a very, very bad recommendation for business men and shows a lack of faith in the judgment of local people who are trying to save them from grafters. Let's stick together, and keep the people of Canyon from being bled by these outside leeches. There will be a vast army of them coming through to garner in the millions of surplus dollars which are on deposit in every town of the nation.

We listened with a great deal of interest the other night to a radio broadcast, Townhall of the Air. We were induced to tune in because Senator W. Lee O'Daniel was one of the speakers. Fulton Lewis, Jr., was another, and when Fulton speaks the fur flies. These two opposed the continuation of OPA, while Leon Henderson and another speaker defended it. We wanted to see how the Junior Senator from Texas held his own in this fast company. We were not disappointed. In fact we thrilled as W. Lee upheld his part of the arugment and came back strong in answering questions. We wondered if perhaps a lot of O'Daniel's opponents in Texas had not under-estimated his ability. And another thought came: Isn't it a good thing for America to have active opposition to the administration in the form of O'Daniel and Lewis? We have been impressed with the British idea of such opposition. While Churchill was Prime Minister, he was confronted with an active and alert opposition, sponsored by the government. When Churchill was defeated, he was given the head of the opposition party, and is recognized as such. Under the two party system of America, we usually look upon Republicans as being opponents to Democrats. But we give the Republicans very little to say about our government under present conditions. When the Republicans gain power again the Democrats will be out in the cold. At any rate, the Senator from Texas may not rate very high with a lot of us here in Texas, but he seems to know his way around in affairs up in Washington.

Talked with a Republican the other day who was jubilant over the fight within the Democratic party. Here is his prediction: That the House of Representatives will be Republican by a good margin after the November election; that the Senate and the presidency will be Republican after the 1948 election. Maybe he is over-enthusiastic, but that is just what every Republican is hoping. The Democrats have a terrible burden to carry in the political fight. There is CIO, OPA, FEPC, and a whole flock of governmental agencies which were started during the depression and during the war. So far the administration is taking little interest in abolishing any of these agencies. Good Democrats hold most of these jobs. You are going to see a lot of political water go over the dam between now and November.

John L. Lewis is unpredictable. Just before he was called on the carpet by President Truman, he called a truce in the coal strike and sent the miners back to the pits. This is in comparison to the tactics of Lewis just before President Roosevelt was scheduled to go on the air and implore the strikers to return to their jobs. We cannot but be sympathetic toward the miners in that they have always received a low schedule of pay; have a very hazardous job; live in unattractive and unwholesome surroundings away from the rest of the world; are forced to trade at company owned stores were prices are uncertain. The entire trouble is caused by the fact that Lewis has used millions of dollars, for which he makes no accounting, for political purposes; and sought to levy a royalty of 10 cents per ton on all coal mined in order to continue his nefarious practices. Personally we think that the miners should receive a boost, if other workmen are given a raise; but we do not blame the mine owners ot balking at the royalty demand. Maybe Lewis called off the strike in order to stop anti-union legislation in Congress. Who knows.

The recent poll in Texas which showed Governor Stevenson to be away out in front is causing a lot of serious thinking on the part of politicians. In the first place, it may cause the Governor to run again. He is shown to be favored by 38% of the voters. Should he announce, it is likely that this per cent would be upped to more than 50 per cent. In the second place, While Rainey was running second, he is so far below Stevenson that he has cooled off considerably and may not even announce. In the third place the poll made Jimmy Allred furious. He has bleated like a stray lamb out in the cold, cold world. Jimmy wants to run for governor. He has almost announced several times. But the poll shows no great demand for his services. He keeps picking at the Governor, hoping to stir up a fight. The Governor ignores his yaps, and this makes Jimmy madder. As for the balance of the big bunch of candidates, their strength depends on Stevenson; if the Governor does not run, about half a million votes will be on the auction block.

Again it has been demonstrated that government management is a poor substitute for natural economic law. The magazine Fortune has published a comprehensive discussion of the world-wide food problem. Famine stalks much of the world. The United States had been counted upon to help prevent starvation for millions. It had promised aid which tragic political tinkering with agricultural production will make impossible of fulfillment. With damning finality, Fortune declares: "The U. S. was short of wheat in a time of world famine because the United States government had deliberately planned for scarcity. By manipulating price ceilings and subsidies, the government had made it more profitable for farmers to turn their grain into meat than to sell it for bread and other uses."

Texas may have a hot race for Attorney General this year. It is wide open, with new faces in the campaign. Since the present Attorney General, Grover Sellers, is running for Governor, four men have announced. Pat Neff, Jr., son of the distinguished former governor, is in the race; Price Daniel, former Speaker of the House, has announced; Judge Ralph Yarbrough, a former candidate, is running; and James K. Evetts of Bell county, has announced. All of these men saw service in World War II. All of them have good records, both as soldiers and as lawyers. The victor in this campaign will be the man who puts forth the greatest effort and gets out among the voters.

America has become accustomed to calling France "Red." We have seen the devastating effects in that nation with about 40 political parties, and with the Red tendency throughout all of them. We have seen Stalin wooing France, and shuddered to think of the results. And we are amazed to see the leftists defeated when the people of France went to the polls and expressed their opinion on a constitution which was fostered by the Reds. Maybe there is some hopes for France after all. Maybe France is playing Russia against the United States and Britain in an attempt to get the best bargain.

STAGGERING STATISTICS

"Breath-taking," is a mild way of describing statistics on fire losses in the United States.

During the last decade, 100,000 persons have been burned to death, 170,000 burned and disfigured, and $3,000,000,000 worth of property destroyed. Records show the annual fire loss in the United States exceeds the damage done to England in the two years of the German blitz. Forest fires annually destroy an area equal to New England. The Coconut Grove fire in Boston caused more deaths than the armed forces suffered in the invasion of North Africa.

There are 650,000 building fires every year. Three hundred thirty thousand of them occur in dwellings, and 46,000 in apartments and rooming houses. Manufacturing plants, motor vehicles, stores and shops, garages and filling stations, hotels and hospitals contribute the remaining 274,000 fires.

In the home the commonest cause of fire is smoking in bed or leaving a lighted cigaret some place where it might ignite inflammable material. Also, placing oily and dirty rags in wooden closets or on shelves, and storing papers for an indefinite period adjacent to wooden walls or floors, are other frequent causes. Rags and papers generate heat if left undisturbed for a long time, and ignite spontaneously. Carelessness with electric wiring is a chapter in itself.

Common sense caution can be the greatest preventer of fire. Until more of it is used by more individuals, America's fire loss statistics will continue to be something that only astronomers can really appreciate.

The people of Canyon have a right to be proud of the fine eating places which are at the service of the public. Every place in Canyon has undergone recent improvements in order to give better service to the public. A visitor in Canyon stated the other day that he had not seen so many attractive cafes in a town the size of Canyon. The owners of these eating places had a struggle during the war to operate because of the lack of help and shortage of food. They are now setting the pace for other business firms of Canyon to improve their service to the public.

It was gratifying to read in The News last week the long list of public improvements which were underway in Canyon. The business people have been forced to wait until the war ended in order to do the things which they wanted done. Material shortages may hold up some of the present improvements, but eventually they will be completed and the business section of Canyon will be enjoying the face lifting which is in progress.

We shall now see what we shall see in Texas politics. J. E. McDonald, commissioner of Agriculture, has an opponent. Old Mac has whipped all comers, hands down, in every political race. He has a vast political machine, and hardly needs to make a campaign. He has been an anti-New Dealer from the start, and has defied this group to do its worst. It will be interesting to see just how good a campaigner his opponent really is, and how the people will respond to the pressure which will be exerted by the State Democratic Committee to oust McDonald.

The Ku Klux Klan has been revived. We have been expecting this, and have dreaded to see the return of the KKK. According to reports of visitors to other sections of the nation where the Negro is numerous, coddling by the federal government during the past dozen years has alarmed the whites. We are told that practically every white man has a sufficient stock of firearms and ammunition, living in terror of the day when racial war will break out.

Prices and Regulations Announced by Van Meter —Activity Tickets Good

West Texas State's outdoor swimming pool is being readied for the Summer Session and will be open to the public May 15 and 17, from 2 to 4 p. m.

Beginning Sunday, May 19, the pool will be open daily from 2 to 4 p. m.

General regulations for the pool have been announced by Prof. L. E. Van Meter as follows.

1. College students will use their activity tickets.
2. Demonstration School students will be admitted upon presentation of permits signed by the principal or superintendent.
3. Outsiders will be admitted under the following conditions: Single tickets for adults, 25 cents; single tickets for children twelve years old and under, 15 cents; season tickets of ten swims for adults, $2.00; season tickets of twenty swims for children, $2.00; suits rented at the pool, 15 cents; children under six years of age admitted free if accompanied by responsible person.
4. Personal suits may be worn providing the user complies with special regulations posted at the pool.
5. All bathers will become familiar with regulations posted in the office and the locker rooms.

This is one of the few outdoor pools located on the college campus in Texas. The equipment of the pool includes a boiler for heating the water.

HIGHLAND 4-H MEETS

The Highland 4-H girls met at the Wildorado school at 2:00 o'clock, Wednesday afternoon.

The meeting was called to order by the president. Roll call was answered by 9 members by each telling what had been finished since last meeting.

Table mats were made from felt hats.

Refreshments were served and the club adjourned to meet May 22.

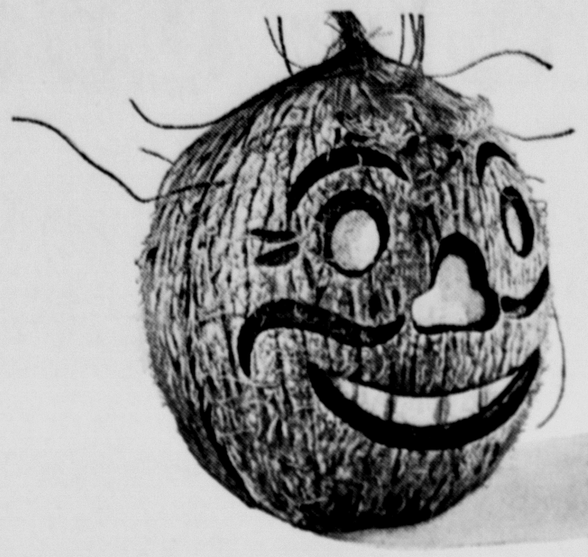
"One of your relatives?" he asked.

"Yes," snapped the wife, "by marriage."



Maybe you aren't this big a nut about cars

Maybe you're able to resist taking your engine apart—as long as it runs swell. That's generally enough for most anybody—no matter how curious he is to see Conoco Nth motor oil in the act of OIL-PLATING the engine's insides.

OIL-PLATED engines aren't forever having the top opened up to see about carbon—nor having the bottom opened up to see about sludge. Carbon and sludge are the camp-followers of wear. But OIL-PLATING is in the best position to oppose wear—because it is fastened and held direct to inner surfaces. This is accomplished by the magnet-like action of an added material in Conoco Nth oil—patented.

OIL-PLATING is an addition—a durable protection—to the engine's fine inner finish. Ask new car owners and you'll find them widely adopting OIL-PLATING. *This* time, with *this* new car, they want to start out *right*. . . . And should an older car logically have anything *less* than the safeguard of OIL-PLATING! Then get Conoco Nth motor oil—at Your Mileage Merchant's Conoco station—now. Continental Oil Company

We're doing all we can to serve people waiting for telephones

THE urgent job of getting telephone service to those waiting is going ahead. We are nearing a milestone: Soon everyone who needs only a telephone instrument itself to get service will have it. That shortage is about over.

In the first three months of this year we have installed 150,000 new telephones in the five states we serve. This is as many as we would have installed in six months of a normal year.

Although 170,000 *new* applicants for service during this time kept the waiting list long (223,000 in the Southwest as April began), we now are getting service faster to those waiting longest. A great many of the people waiting for service on V-J Day now have it.

Two big jobs remain:

1. As quickly as we can get it, we are wiring the precision, intricate machinery that handles your calls at the exchange. This takes time and skill. We must do years of work in the next few months.

2. In a great many places we also need outside cable and wire. We plan to have this in and ready when the new equipment in the telephone office is completed. Where we can, we are wiring homes in *advance* for telephones, ready to connect them the moment we are able.

Meanwhile, we are trying every way we know to s-t-r-e-t-c-h the service . . . and we are temporarily squeezing in everyone we can with party lines, hooking more telephones to already loaded switchboards and dial equipment, putting disconnected lines back into service faster. If for a while telephone service is not always as fast as you'd like it, it is because of this crowding.

We repeat: The telephone company is doing all it can to provide service for waiting customers. We're looking forward to the day we get in touch with you to arrange the details of installing your telephone.

4 QT. SIZE $12.50 (Western Zone $12.95)

Because PRESTO COOKERS are so remarkable, and because, up until recently, their manufacture was totally restricted for four years, the nation-wide demand for these wonder-working pressure saucepans is tremendous . . . The production facilities of the manufacturer of these cooking utensils are great, but the needs of the Government for certain essential war materials must still be supplied.

As a result, such quantities of PRESTO COOKERS as we are receiving now are, and will be, far too few to supply the demand, for some time to come . . . In fairness to all, requests for PRESTO COOKERS will be filled in the order in which they are received.

A Suggestion: If you have not already done so, register your name for a PRESTO COOKER now, with us, to get one with as little delay as possible.

Historians Will Build New Museum Annex

Immediate resumption of construction of the Plains Museum addition, if materials can be obtained, was recommended by retiring officers and directors of the Panhandle-Plains Historical Society in the 25th annual sessions here Friday.

Of a goal of $60,000, about $31,000 has been raised, reported H. C. Pipkin of Amarillo, chairman of the finance committee. Working through a list of 75 directors elected from various Panhandle counties, Mr. Pipkin will attempt to complete the drive in the coming fiscal year. Many of the materials needed were accumulated before the war and before the WPA crews stoppd work after putting up the concrete and steel framework. Receipt of many valuable collections must await completion of the addition.

Hamlin Overstreet of Farwell was elected president of the Society. He succeeds Newton Harrell of Claude. Both men are prominent ranchmen.

Other officers chosen were Harold Bugbee of Clarendon, first vice-president; David M. Warren of Panhandle, second vice-president; Floyd V. Studer of Amarillo, director of the museum; Boone McClure of Canyon, assistant director of the museum; W. L. Vaughan of Canyon, treasurer; Dr. L. F. Sheffy, executive secretary; and Dr. Hattie M. Anderson of Canyon, recording secretary.

Winners of the 1946 Vandale Historical Essay Contest sponsored by the Society were announced as follows: First Place, Ernest Archambeau of Amarillo; second place, Miss Virginia Morton of Tucumcari, N. M.; third place, Carroll Doshier of Canyon; fourth place, Mrs. Thelma Jennings of Canyon.

Nelson Portrait Received

In the annual banquet, a portrait of the late Judge O. H. Nelson of Romero was presented by his daughter, Mrs. Harriet N. Leary of San Antonio. The principal address was by Dr. E. E. Dale of the University of Oklahoma, who spoke on cultural and social life on the frontier. Music was provided by the West Texas State College double sextet, directed by Prof. Houston Bright.

Reports to the Society showed that 35,256 persons had registered at the Plains Museum here in 1945 and the current rate is higher for this year. Many important gifts were received by the Society and others will be available when the museum is enlarged.

Pioneer Days Recalled

Dr. Dale entertained the large audience with recitals of incidents of the pioneer period and with descriptions of frontier life. He talked of prairie schooners with their tongues pointing west. . .the hospitality and kindness of the range. . .the craving for companionship. . .fear that the children might grow up in ignorance. . .the spirit of pioneer women, who suffered most. . .the leisure time on the plains, where they was no timber to cut, no sprouts to fight. . .of all-day visits with neighbors. . . oldtime square dances and all-night parties. . .dinner on the ground. . . jerked meat drying in the sun. . . elegant dinners in dugouts. . . roundups and frontier sports. . . life on the cattle trails.

Mrs. Leary, donor of the O. H. Nelson portrait, was introduced by James D. Hamlin of Farwell, former president of the Society. J. Evetts Haley announced the winners of the Vandale essay contests.

Mr. Overstreet, new president of the society, is manager of the Capitol Freehold Trust Company, owner of the XIT ranch lands.

Our dealers join us in making this frank report to

THE FARMERS OF AMERICA

INTERNATIONAL Harvester is getting back into production with all possible speed. Extra shifts are being employed wherever conditions permit, to try to overcome the production losses of the recent strike. Everything is being done to get parts and machines to you.

While we and our dealers would like to tell you that this means an immediate end to the shortage of service parts and machines, it is more accurate to say that it means the beginning of the end of it. If illness or bad weather delays you seriously in the Spring, you know how much it throws you off your schedule. The strike has thrown our schedules off balance, too. There are many "chores" we must do before new machines reach you.

Material shortages

The preliminary chores of getting our plants back into shape for full production are finished. But disturbances in other industries and resulting material shortages may affect our plans. Light gauge steel sheets, brass and copper, fractional horse power motors, and many other items are all very short. *The coal situation may also prove serious—we hope not.*

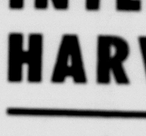
Refilling the well

Both our dealers and our branches have run dry on parts and new machines. So the biggest chore is to get their working stocks back to normal. It will take time to fill the pipeline to dealers—just as it takes time for you to refill a well or cistern after it has run dry.

Stock and display rooms of our dealers represent not one, but ten thousand reservoirs which must be refilled. The most heroic production efforts will mean that your local dealer can expect only a small number of parts and machines at a time. Since we must play fair with all our customers, there will be a sprinkle of parts and machines all over the country—not a downpour in any one section.

You will be glad to know that *all repair parts production schedules are far beyond normal.*

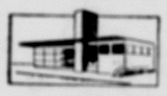
No hoarding



Ye may be sure that every machine will be shipped to dealers as soon as completed. *We do not and will not hold machines off the market.*

At the start of the strike we had on hand at all our factories and branches just 837 tractors of all kinds—less than two days' production—and 405 of these were not completed. Many of those on hand had one or more important parts missing—principally radiator cores. Most of the rest represented the normal daily "float" between the end of the assembly line and the shipping platform. Naturally no tractors were made during the strike.

What dealers may have for you



We can report to you that our current production on TRACTORS is good and we are shipping at a normal rate. Even so, there will not be enough to go around. The situation on PLOWS and DISK HARROWS is reasonably good. On COMBINES, MOWERS, HAY RAKES, ONE-MAN HAY BALERS, CORN PICKERS and many other items, our schedules have been seriously disrupted. We must in fairnese say that many of our customers are likely to be disappointed on delivery of these machines. On MILKING MACHINES, STATIONARY ENGINES, and some other small units we are hopeful of making practically normal delivery.

We know you will understand the reasons why your dealer cannot fill your orders overnight. He would like to give you the kind of delivery on machines you would like to get, but his situation is a difficult one and not of his own making. He is doing the best he can.

No cutting corners on quality

There is one thing you can be absolutely certain about: We *will NOT cut corners on quality in order to increase production in this emergency.* **For years we have said: "QUALITY IS THE FOUNDATION OF OUR BUSINESS." Today we say it—and mean it—as much as ever.**

We know you need new machines—and need them badly. But we believe it will pay you to wait just a little while longer if you cannot get all you want immediately. By waiting you can be sure your new equipment will have the quality so rightly associated with INTERNATIONAL HARVESTER for so many years.

Early Morning Setting for Mary Alice Campfield–Eugene Bonds Wedding

MR. AND MRS. EUGENE BONDS

Nuptial vows were exchanged by Mary Alice Campfield, daughter of Mr. and Mrs. H. E. Campfield, and Eugene Bonds, son of Mr. and Mrs. G. J. Bonds of Happy, on Wednesday evening, May 8.

Rev. Hubert Thomson, pastor of the First Methodist Church, read the impressive double-ring service in the home of the bride's parents. Miss Avis Campfield of Hale Center attended her sister as maid of honor and Lewel Johnston was best man.

The ceremony took place before an improvised altar in front of the fireplace, which was banked with ferns and arrangements of white snapdragons and bluebonnets. Miss Winnie Fred Rammage, sorority sister of the bride, played "Poem" by Fibish and "Gold and Silver Waltzes" by Lehar while the candles were lighted by Harry Campfield, Jr. and Jack Bonds, brothers of the couple. The traditional wedding marches were used for the processional and recessional.

Given in marriage by her father, the bride was attired in a blue and white crepe street - length dress, complimented by white accessories. For something old, she carried a hand made linen handkerchief belonging to her great grandmother, and for something borrowed, she wore earrings belonging to Miss Juanita Anderson. She carried a white Bible topped with an orchid.

Miss Campfield wore a blue dress with brown and white accessories and a corsage of gardenias. Mrs. Campfield, mother of the bride, wore a black sheer dress and a corsage of red carnations. Mrs. Bonds, mother of the bridegroom, wore a black and white dress and a red carnation corsage.

Immediately following the ceremony, the bridal party was honored at a reception. After the bride and groom cut the three-tiered wedding cake, Miss Anderson served, and Mrs. Dorotha Gidenberg presided at the punch service.

For traveling, Mrs. Bonds wore a blue and white checked suit with blue and white accessories. After the wedding trip the couple will be at home in Canyon.

The bride was graduated from Canyon High School and attended West Texas State College. She is a member of Delta Zeta Chi Sorority and Kappa Omichron Phi, national home economics honorary society.

Mr. Bonds attended Canyon High School. He was recently discharged from the Army, having served 25 months. At the present he is engaged with his father in wheat and stock farming near Happy.

RANDALL COUNTY H. D. COUNCIL MAKES REPORTS

The Randall County Home Demonstration Council met in regular session Saturday afternoon, May 4 at 2:30 o'clock, in the council room with the council chairman Mrs. S. G. Elliott, presiding.

Representatives from 8 clubs answered roll call and gave club reports. All clubs have agreed to help in the relief work of the Philippines and cases of food to the European countries.

Mrs. W. C. Angel in her report from the "Texas Agriculture" said the 4-H Club girls are doing a wonderful work. More than 7,000 garments and other articles for the home were completed b them last year.

Miss Lou Ella Patterson gave the report on the 9 bed spread exhibit from this county, exhibited at the district meet at Childress, Texas, April 26, attended by a large number of Randall County Club members.

Mrs. L. L. Byars gave the marketing report and said that between 400 and 500 dozen pineapples had been orded by the club women. If any group or organization wants to buy pineapples cooperatively they should see her, Mrs. Byars, before May 18. Only one check will be accepted for the amount bought for each group and only one person from each group or organization will be responsible for the handling of the fruit when the truck arrives, about May 20. It appears now that the fruit will be about the same size and same price as last year.

"I hope that every club woman in this county can hear the book review to be given at the May Tea," said Mrs. L. A. Pitts, recreational chairman, when she gave the repont on the tea to be held in the Thompson Club room, May 11. An interesting program is planned.

As educational chairman, Mrs. E A. Wise gave the report that Randall County Club women were far in the lead on the reading of good books that have been recommended for members of the clubs. 16 Gold Stars were awarded to club women of this county last year.

Mrs. Elliott asked that each club president bring a written report on the amount of relief materials sent to the Philippines and European countries to the June council meeting. And that each president turn $5.00 to the secretary-treasurer at the June meeting. This is to help finance committee to raise funds for expenses in 1946.

Miss Patterson gave a report on Parks and Highway Beautifications. Forsythia and pira canthra were selected as shrubs to be used in road side beautification plans in this area.

The Red Cross chairman asked that the club women to continue to assist in baking cookies for the convalescence soldiers that are in the hospitals. This is to be discussed in each club and the report brought to the next council meeting.

Demonstrations to be carried out in club work another year is "Family Life" and "Home Plans, or Interior Decorating."

Members attending the council were: Mrs. A. B. Haynes, Mrs. L. A. Pitts, Mrs. E. A. Wise, Mrs. L. W. Winters, Mrs. G. R. Ross, Mrs. C. A. Colling, Mrs. S. G. Elliott, Mrs. L. L. Byars, Mrs. O. Pyeatt, Mrs. W. C. Angel, Mrs. R. A. Burrus, Mrs. E. W. Schaeffer, Mrs. J. W. Johnston, Mrs. J. V. Williams, Mrs. D. C. McCormick, Mrs. Fred Marshall and Miss Patterson.

Norma Lee Black Weds Harold Taussig In Double Ring Ceremony

MR. AND MRS. HAROLD TAUSSIG

Palms and candelabra decorated the altar for the marriage of Norma Black, 1104 Monroe, daughter of Mr. and Mrs. W. A. Black of Canyon, and Harold Taussig, son of Mr. and Mrs. Paul Taussig of Parshall, Colo., on Sunday in the First Baptist Church.

Dr. A. D. Foreman, Jr., pastor, read the double ring service at 4:00 o'clock. Mrs. Wayne French attended the bride as matron of honor and "Doc" Walker of Oklahoma City was best man. Miss Mary Lou Ely, niece of the bride dressed in a gold flowered dress with a corsage of white carnations, introduced the ceremony by lighting the tapers.

"Indian Love Call" and "I Love You Truly" were played on the violin by Mrs. John Josey, accompanied by Mr. Josey. The traditional wedding marches were used for the processional and recessional, played on the piano by Mr. Josey.

Given in marriage by her brother-in-law, Ed Ely, the bride was attired in a cinnamon brown suit with a blue feather hat and brown accessories. Her jewelry was a strand of pearls with matching earrings, a gift from the bridegroom and her corsage was of gardenias.

Mrs. French wore a gold suit complemented by a blue sequin hat, brown accessories and a corsage of iris.

Following the ceremony, the bridal party was honored at a reception in the home of Mr. and Mrs. Ed Ely, 1005 Monroe. Mrs. Bill Ousley and Mrs. Mary Ely assisted in the serving of the wedding cake and coffee.

For the wedding trip to Fort Worth, Carlsbad, N. M., and Santa Fe, N. M., the bride chose a black and white checked suit. The couple will be at home in Parshall, Colo.

Mrs. Taussig attended high school in Canyon and business college in Amarillo. At the time of her marriage she was employed at the Russell Stationery Co.

Mr. Taussig recently received his discharge from the Army Air Corps. He is associated with Taussig Incorporated of Colorado.

Out of town guests at the wedding included: Mr. and Mrs. Paul Taussig of Parshall, Warren Taussig of Parshall, Mrs. John E. Daley and daughter, Linda, of Houston, Mr. and Mrs. J. T. Black of Selleytown, and Mr. and Mrs. S. W. Lowe of Clarendon.

a HOME of their own

That's the dream of every couple, young or old—a home of their own. Jack and Sue have started theirs. In fact, they've practically built it themselves . . . watching the work with tender vision, from sidewalls to roof. They saw the foundation dug and poured, and the framework go up. They watched the stone-masons, the carpenters, the plumber and the electrician. They poured a lot of dreams into that home—that's why they want to make sure that it will be theirs, "title clear," some day, regardless of what comes. So, they are protecting their investment with a Southwestern Life Mortgage Cancellation contract.

Jack and Sue know that through Southwestern Life Mortgage Cancellation Insurance they can provide a sound savings program to supplement any plan of future income that fortune may bring their way. And they know that it will provide funds for as long as twenty years, should death interrupt Jack's work.

Through Southwestern Life Mortgage Cancellation Insurance, you can make sure that the end of the story of your planning and savings will be what it should. Through it, you can accomplish the multiple purpose of protecting family, property and income, and leave those you love living in the neighborhood where they want to live, in the way they should. Get a detailed description of this contract today. It is a plan you can afford to own.

Double Ring Wedding Rites Read For Edith Wooley and Dean Nicholas

Nuptial vows were exchanged by Edith Louise Wooley, daughter of Mr. and Mrs. C. W. Wooley of Stephenville, Texas, and Dean Appling Nicholas, son of Mr. and Mrs. D. A. Nicholas of Canyon, Texas, at 6:00 o'clock Friday evening, May 10.

Rev. Hubert Thomson, pastor of the First Methodist Church read the impressive double ring service in the home of the bridegroom's parents.

The ceremony took place before an improvised altar of a beautiful archway covered with mock orange blossoms and honeysuckle, large baskets of white carnations and white snapdragons formed the background.

Mrs. K. E. Frieze played the traditional wedding marches for the processional and recessional. She also accompanied Mrs. Margaret, Devin, sister of the bridegroom, who sang "Because" by D'Hardelot. "Indian Love Call" was played during the ceremony.

Leading the bridal procession was Little Patsy Ruth Wooley, six year old sister of the bride, who carried the rings on a white satin pillow. She was dressed in white chiffon with a wreath of orange blossoms in her hair.

The bride was attired in an aqua street length crepe dress, fashioned with sweetheart neckline. She carried a white Bible topped with gardenias.

The bridesmaid, Mrs. Ruth Hancock, cousin of the bride, wore biege linen, street length dress, with white accessories and a corsage of white rose buds.

Thomas L. Devin, brother-in-law of the bridegroom, served as best man.

Mrs. Wooley, mother of the bride, wore a black sheer dress and a corsage of pink gladioli. Mrs. Nicholas, mother of the bridegroom, wore a white sheer dress and corsage of pink gladioli.

Following the ceremony the bridal party was honored at a reception. Mrs. J. P. Hancock, aunt of the bride, presided at the punch service, and Mrs. Reid Hancock served the wedding cake.

Mrs. Thomas L. Devin registered the guests at the bride's book.

Mrs. Nicholas was a graduate from the Stephenville High School and Brantley-Draughton Business College of Ft. Worth. Previous to her marriage she was employed at Empores Finance and Thrift Association in Ft. Worth.

Mr. Nicholas was graduated from Canyon High School and attended John Tarleton College at Stephenville. He has recently been discharged from the Navy.

Following a week end trip the couple will be at home in Fargo, Oklahoma, where the bridegroom is employed with the Santa Fe Railroad signal work.

Out of town guests attending the wedding were: Mrs. C. W. Wooley and Miss Patsy Ruth Wooley of Stephenville, Mrs. J. P. Hancock of De Leon, Texas; Mrs. Reid Tancock of Grand Prairie, Texas; Mrs. W. A. Blankenship and Mr. and Mrs. Earl Blankenship of Amarillo.

TAKE NOTICE that an election will be held in the City of Canyon, Texas, on the 1st day of June, 1946, to determine if said City shall issue bonds in obedience to a resolution and order duly adopted by the Board of Commissioners on the 14th day of May, 1946, which resolution and order is as follows:

ELECTION ORDER FOR THE ISSUANCE OF BONDS

THE STATE OF TEXAS,
CITY OF CANYON,
COUNTY OF RANDALL.

The Board of Commissioners of the City of Canyon, Texas duly convened in special session on the 14th day of May, 1946, at its regular meeting place in the City Hall, all of the members thereof being present, to-wit:

W. A. Warren, Mayor,
S. H. Condron, Commissioner,
G. A. Farlow, Commissioner,

and among other proceedings had by said board was the following:

Commissioner Condron introduced a resolution and order and moved its adoption. The motion was seconded by Commissioner Farlow.

The motion, carrying with it the adoption of the resolution and order prevailed by the following vote: Mayor Warren, Commissioners Condron and Farlow voting "AYE" and none voting "NO."

The resolution and order follows:

WHEREAS, it is considered to be to the best interests of the City that the bonds of said City shall be issued for the purposes hereinafter stated, and that there is a necessity for the issuance of said bonds; therefore,

BE IT RESOLVED AND ORDERED BY THE BOARD OF COMMISSIONERS OF THE CITY OF CANYON, TEXAS:

I.

That an election be held on the 1st day of June, 1946, and which is not less than fifteen (15) days nor more than thirty (30) days from the date of this RESOLUTION AND ORDER, at which election the following propositions shall be submitted to the resident qualified electors who own taxable property in said City and who have duly rendered the same for taxation, for their action thereupon;

PROPOSITION NO. I.

"SHALL the Board of Commissioners of the City of Canyon, Texas, be authorized to issue the general obligation tax bonds of said City in the total principal sum of SIXTY THOUSAND DOLLARS ($60,000.00), maturing serially over a period of years not to exceed twenty (20) years from the date thereof, bearing interest at the maximum rate of THREE PER CENTUM (3%) per annum, for the purpose of improving, enlarging, extending and repairing the combined waterworks and sanitary sewer systems of said City; and to provide for the payment of principal of and interest on said bonds by levying a tax sufficient to pay the annual interest and to create a sinking fund sufficient to redeem said bonds as they become due?"

PROPOSITION NUMBER II

"SHALL the Board of Commissioners of the City of Canyon, Texas, be authorized to issue the general obligation tax bonds of said City in the total principal sum of FORTY THOUSAND DOLLARS ($40,000.00), maturing serially within any given number of years not to exceed twenty (20) years from the date thereof, bearing interest at a rate not to exceed THREE PER CENTUM (3%) per annum, payable semi-annually, for the purpose of construction and improvement of the streets of the City, and to provide for the payment of principal of and interest on said bonds by levying a tax sufficient to pay the annual interest and to create a sinking fund sufficient to redeem the bonds as they become due?"

II

In no event shall the issuance of bonds for one of the aforesaid propositions or purposes be dependent upon the authorization or issuance of bonds for either of the other propositions or purposes, it being the intent hereof to provide for the creation of two (2) bond debts, each separate and independent of the other.

III.

Said election shall be held at the City Hall in the City of Canyon, Texas, and the following named persons are hereby appointed officers of the election, to-wit:

J. W. Shook, Presiding Judge,
Burney Slack, Judge,
Mrs. Roberta Orton, Clerk, and
Mrs. Hazel Walsh, Clerk.

IV.

That said election shall be held under the provisions of and in accordance with the laws governing the issuance of municipal bonds in cities, as provided in the General Laws of the State of Texas; and only qualified electors who own taxable property in the City, and who have rendered the same for taxation, shall be qualified to vote.

V.

That the ballots of said election shall have written or printed thereon the following:

OFFICIAL BALLOT

"For the Issuance of Water and Sewer System Bonds and the Levy of a Tax in Payment Thereof."

"Against the Issuance of Water and Sewer System Bonds and the Levy of a Tax in Payment Thereof."

"For the Issuance of Street Improvement Bonds and the Levy of a Tax in Payment Thereof."

"Against the Issuance of Street Improvement Bonds and the Levy of a Tax in Payment Thereof."

As to each of the foregoing propositions, each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his or her vote on the two propositions, respectively.

VI.

That a copy of this resolution and order, signed by the Mayor of said City and attested by the City Clerk, shall serve as proper notice of said election.

VII.

That said notice of said election shall be given by posting and publication of a copy of this resolution and order at the top of which shall appear the words, "NOTICE OF ELECTION FOR THE ISSUANCE OF BONDS." Said Notice shall be posted at the CITY HALL, the election precinct herein designated, and at two other public places in said City, not less than fourteen (14) days prior to the date on which said election is to be held, and be published on the same day in each of two successive weeks in the Canyon News, a newspaper of general circulation in the City of Canyon, the first of said publications to be made not less than fourteen (14) days prior to the date set for said election.

PASSED AND APPROVED, this the 14th day of May, 1946.

(Seal) W. A. WARREN,
Mayor, City of Canyon, Texas.

ATTEST:
Berl E. Mayfield,
City Clerk, City of Canyon, Texas.

THIS NOTICE of election is issued and given by the undersigned, pursuant to authority conferred by virtue of the above and foregoing resolution and order of the Board of Commissioners of the City of Canyon, Texas, and under authority by Law.

CENTERVIEW H. D. CLUB HAS SUCCESSFUL RALLY

An enjoyable evening was had by all present at the candidate rally sponsored by the Centerview Club women at the Fairview Church, Friday evening, May 10.

The candidates were given time to speak and immediately following that hand made articles were sold for the benefit of the the 4-H Club treasury. G. E. Wesley was auctioneer for that sale.

During the recess ice cream and cake were sold by the women, and gum was sold with a chance given on the bedspread. It is not known by reporter just how much was realized from the tufted spread, but about $70.00 went into the treasury from that undertaking.

Miss Mary Alice Brazil was the lucky person with her name being drawn from the box as winner of the spread.

CENTERVIEW H. D. CLUB GIVEN EXPANSION PROGRAM

The Centerview Home Demonstration Club carried out an expansion day program May 3, at the home of Mrs. Serena Bryan with six visitors present. A delicious covered dish lunch was served at the noon hour to both visitors and members.

The meeting was called to order at 2:30 p. m. by the president, Mrs. A. E. Wise. Roll call was answered by hints on harvest cooking. Mrs. Wise gave a very interesting report on the T. H. D. A. meeting at Childress.

Plans were completed for the candidate rally to be held Friday night, May 10, at which time the tufted bed spread was given away.

It was suggested that the club might donate articles for the 4-H club auction for benefit of their treasury.

In complying with the food shortage it was moved and seconded that we do not serve at regular meetings. This motion carried.

The motion was made for our club to buy and send one case of canned food to the European country and also to bring the article of clothing, needles, thread and white sacks for the Philippines, to the next club meeting.

Miss Patterson, H. D. agent, gave a very helpful and interesting demonstration on harvest short cuts for cooking and meal planning. Recipes were handed out for biscuit mix, magic (ice box) patsry and basic French dressing. She demonstrated making the pastry, baked biscuits and made a delicious green salad.

The next meeting will be on May 17 at the home of Mrs. E. R. Coleman at 2:30 p. m. Topic for this meeting will be "Winter Treats from Summer Plenty" with Mrs. J. W. Wesley, Mrs. H. H. Shipman and Mrs. E. R. Coleman on program.

Of the six visitors present two joined the club, Mrs. Wayne McNeil and Mrs. R. J. Steward. Other visitors present were Mrs. Harney Rogers, Mrs. Wayne Wesley, Mrs. Charles Wesley and Miss Lou Ella Patterson, H. D. agent.

Members present were: Mrs. John Patterson, Mrs. E. W. Schaeffer Mrs. E. R. Coleman, Mrs. T. J Myers, Mrs. Earl Wesley, Mrs. Lester Bryan, Mrs. Oscar Read, Mrs. A. E. Wise, Mrs. H. H. Shipman, and the hostess, Mrs. Serena Bryan.

HIGHLAND CLUB HEARS INTERESTING MAGAZINE REPORT

A report of Texas Agriculture given by Mrs. L. E. Mason, telling about Mrs. Robert Campbell, our District president running for State vice president was of interest to each club member, as she lives near our club.

Roll call was answered by telling which frozen foods we prepared and why.

The Highland club met in the home of Mrs. Geo. Cook May 7 at 2:30 o'clock.

Refreshments were served to Mrs. L. E. Mason, Mrs. Edd Sharp, Mrs. Frances Mitchell, Mrs. Ross Grantham and Mrs. A. N. Green by the hostess. Lovely roses decorated the house.

The next meeting will be Thursday, May 23 in the home of Mrs. Kenneth Jones.

Inmate No. 605 of the alcoholic ward fingered his flashlight lovingly. "If I turn this beam straight up in the air," he said to inmate No. 604, "I'll bet you a billion dollars you can't climb up it."

"I'm wise to your tricks," sneered No. 604, "I'd get half way up and you'd turn it off."

The weather man arrived home in great excitement. "Guess, what dear," he exclaimed. "I've been transferred to California."

"Well, that might be better for you," replied his wife. "The weather around here hasn't been agreeing with you lately."

Here's one of my grandmother's favorite poems—like so man worthwhile poems, the author is unknown. The title is "Do It Now":

If you've a job to do,
Do it now!
If it's one you wish were through,
Do it now!
If you're sure the job's your own,
Don't hem and haw and groan,
Do it now!

Don't put off a bit of work,
Do it now!
It doesn't pay to shirk,
Do it now!
If you want to fill a place,
And be useful to the race,
Do it now!

Don't linger by the way,
Do it now!
You'll lose if you delay,
Do it now!
If the other fellows wait
Or postpone until it's late,
You hit up a faster gait—
Do it now!

Here's an item of Southwestern history:

Six men were hanged at one time in Fort Smith, Ark., by one springing of the trap door. All were convicted murderers and were condemned by the famous hanging judge, Judge Parker who presided over Federal Court, which had juridiction over Indian Territory, then the heidout of hundreds of criminals.

One of the six were found guilty of the murder of a 19 year old boy—and a pair of boots led to conviction and execution. The father of the sail youth testified that his son and the defendant had left Texas together for Indian Territory and that sometime before the departure, he gave his son a pair of boots. At the same time, the father bought himself a pair exactly like those he gave to the boy. The heel on the son's left boot came off and he put it back on with three horseshoe nails. The defendant was wearing in the courtroom a pair of boots just like those that that the slain man's father had on. The left boot was removed from the prisoner's foot and in the heel were three horseshoe nails.

And so the pair of boots sent the man to the gallows.

"What kind of animal is that?"
"That's my Siamese cat."

UNCLE SAM SALUTES NEW CITIZENS

Citizenship Day
Sunday, May 19

He's as Proud of Them

As They Are of Him!

Yes, Uncle Sam is proud of his new nieces and nephews. They now belong to that great family of people from all nations known as Americans. They are the young voters who take their places as leaders of their nation. America is proud of them. God's country is their country. They have learned the name of every president of the United States. They know how the wheels of their local government function. They have read the Constitution and the Declaration of Independence and they believe in the words: "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain inalienable Rights, that among these are Life, Liberty and the pursuit of Happiness."

Water Pageant Ready

Based upon James Whitcomb Riley's "The Old Swimming Hole," script for the water pageant to be presented in initial performance here Saturday afternoon was written by Nell Green, who received her M. A. degree in English and chemistry from West Texas in 1942.

Narrator for the event will be Bil Montgomery, junior from Shamrock.

After high school seniors from neighboring Panhandle towns have viewed the show Saturday, it will be re-staged Monday evening at 8 o'clock for the public—including students of WT.

Assistant to her mother, Mrs. Geraldine Green, dean of women, Miss Green is a member of Alpha Chi, A. A. U. W., Po Beta Gamma, and Who's Who in American Colleges. Earlier in the year, she authored a script for a program the physical education department gave to entertain a meeting of A. A. U. W.

Known also for her musical ability, Miss Green was presented in her junior recital recently. She plays bass viol with the College orchestra.

Montgomery has acted as master of ceremonies for a number of college presentations. In the water pageant, he depicts an old man returning to the scenes of his boyhood days. Member of Alpha Chi and Who's Who of American Colleges, he is a business administration major.

Altogether, the performance will last about an hour and a half, says Mrs. Oma Ford, director. Consisting primarily of diving and swimming exhibitions, the pageant will include synchronized swimming by a selected group of girls and diving stunts by Brack Garrison, Hank Decker, Kenneth Vaughan and Kenneth Glasgow.

C. H. S. Students Take Numerous Honors

Junior-Senior Banquet Theme Is Fairyland, Climax of Activities

Brownies Furnish Food, Fun, Games

Fairyland is a real fact! Or so it was last Saturday night at the Junior-Senior Banquet.

Eighty-six seniors, juniors, and faculty members were seated around the blue, white and red tables. Each table had a white cover, blue candles in crystal holders with a bouquet of red roses. Before each plate was either a red Queen or a King, for faculty members, a white fairy, seniors, and blue brownies, the juniors, designating where each person was to sit.

Dinner Is Served

Before serving the plate consisting of Moon Magic, Fairy Clouds, Hunter's Prize, Woodland Berries, Fairies Delight, Rippling Stream, and Rolling Stones, "A Welcome to Fairyland" was given by Prince Barnaby Rigsby and in response "Responsive Delight" was given by Prince Marble-Head Gunter. Also a "Brownie Serenade" was sung by Brownies Hesperides Gooch and Ryche Ann Parker. Then before serving the dessert of Real Snack, a "Brownies Class View of '46" was given by Brownie Siren Small, a "Brownie Melody" by Brownies Girswald Long and Nimblewich Davis and a "Word for the Royalty" given by Fairy Auber Schaeffer.

Ending the program in the basement of the Methodist Church a Fairy Trio, "Did You Ever Get That Feeling In The Moonlight" was sung by Fairies Corbell Wallen, Apulluis Pierce and Pallas Zachry. Then the whole group sang the senior's class song, "Till The End Of Time."

Entertainment At Legion Hall

Leaving the church, the group went to the Legion Hall for an after-dinner entertainment of dancing and playing. Fairies Nancy Bechtold, Alice Mae Simms, and Rita Jean Crow met each member as they entered and dispersed enchantment and good wishes during the evening with their magic wands. The hall was decorated in pastel colors with pink predominating. Leaving the festive gala, the group trotted homeward.

EMPTY SPOT

Seniors have studied (some), written in notebooks (pages after pages) and memorized stanza after stanza of poetry, will within a very few days reach one goal for which they have striven—that of receiving a high school diploma.

Orchids to all deserving persons who helped them on their way! Students, teachers and the administration were co-operative—we all "got on" well together.

Within a few days the class of '46 will leave ye ole' Alma Mater and others will take their places in the halls and classrooms.

May each graduate gain the success in life for which he is willing to work,—and may happiness, the ultimate goal, be a portion of every class member. C. K.

AAUW Continues Traditional Tea

Senior girls of W. T. and C. H. S. were entertained with a formal tea in the home of Mrs. G. W. Cox, 1905 4th Avenue, Tuesday evening at 8 o'clock.

Sponsored by the A. A. U. W. organization this affair takes place every spring in honor of all high school senior girls in Canyon.

After a short discussion on the purpose of this association, there was a planned program.

Everett and Dorothy McBroom, students of the seventh grade, withdrew from school Monday, May 13.

Help Keep Canyon Clean!

School has ended once again
Now we're through at last.
So let's review the happenings
Of the year just past.

Remember at the first of school when Blake Zachry and Billie Danner had quite a crush on each other? But things do change!

Don Hickman and Sue Dickerson have changed their minds about each other, too. Sue has been seen lately with that cute Mack Cantrell.

But old Father Time hasn't seemed to bother Billy Abbott and Valeta Haines. They're still going strong.

Like to hear some NEW gossip? Well, here's the latest!

I saw Lois Collins with two G. I.'s Sunday. She's doing O. K.

Date-A. Marvin Fite escorted Elizabeth Lou Norman, an Amarillo girl, to the midnight show Saturday night.

Yes sir, something must be brewing. I've seen Katie Furlow and Landon Barrett having little private talks in the halls several times lately.

Flash! It has been rumored that Johnnie Ford and Ken Stone have had a little spat. Johnnie was at the banquet with our SPC president, Malcolm Gunter.

During the past week, while wandering over the school grounds, several questions have come up. Maybe you can supply the answer to some of them.

WHO—was that boy Joan Morton was with Friday night? Was his name Harold Woolsey, Joan?

WHAT — happened betdeen M. E. Rhoads and Gracie Boyd?

WHY—has Thelma Bonds been so happy lately? Could it be because Jim Westfall (Oooh la la) is home?

WHERE — did Polly Ruthart "swipe" that good lookin' time piece?

HOW—is Clinton Dodson going to get any studying done if he spends all his time looking at Ellen Marie Roberts?

WHEN—will Cheri Kilchriste get over having hysterics when she hears a motorcycle?

A lad who is known to his Mother as Wayne Davis is the object of affections of Joan Burum. Did you know that, huh?

From a reliable source came word that Billie Danner and Art Hamblen became "man and wife" on May 4. Good luck, you two!

For your information, Suzanne Stephenson and Ridings Sloan aren't going steady. Just thought you'd like to know.

And did you know that Billie Bonds and Raymond McDonald have been going together lately. A cute couple, don't you think?

Are you aware that this is the last time Cal will be around to let you in on the latest gosip for the year 1945-'46?

Even Faye Dickerson has made a new spring change. She has been seen with a W. T. High boy.

Wesley Prater and Geraldine Small were at the Junior-Senior Banquet together Saturday night.

Everybody is beginning to get scared about those . . . final exams. It won't be long now!

Law, law. This Bobby Jean Ford, Harold Martin, Donna Erwin affair is getting to be something. But Bobby seems to be in the lead now!

Let me tell you something else! Mrs. Bartlett is going to donate a set of books to the English IV class. The students spend their weeks' allowance or wages (?) paying book fines. Aren't term-themes a lot of trouble!

Well, that's all from your ole' gossip getter for this school year. Come back next year for more "torture." S'long.

The new parson was introduced to a Mrs. Hummock and tried to fix her name in his mind by rhyming it with stomach. The next day he met her and yoohooed, "How do you do, Mrs. Kelly?"

Just Farmers at Heart

Reading from left to right on back row: Mr. T. L. Devin, sponsor, Ray McDonald, Max Bellah, Malcolm Gunter, Blake Zachry, Charles Wright, Clifford Burtz, and "Rusty" Davis. Second row: Benny Woods, Wesley Prater, George Schaeffer, Bobby Mickey, Eugene Morris, James Inman and Wayne Griffin. Seated from left to right: Clifford Prichard, Jimmy Dietz, Benny Pyeatt, James Bible, Bobby King, Harold Prichard, and Jones Hales.

Class Presents Comedy Play

"Gad! The pain is excruciating! Death, come and get thy child!"

Four victims moaned in agony at the thought of the poison mushrooms which they had consumed.

How horrible! Of course the mushrooms weren't really poison but how were they to know, the dog which they tried them on, didn't die with poisoning but was hit by a truck?

The audience rolled in the aisles Friday, May 10, when the members of the speech department presented a one act royalty play entitled "Mushrooms Coming Up." This was one of the series of seven plays which the speech class prepared for presentation during a recent drama unit. The play was under the direction of Mrs. L. C. Merchant and the cast included Louise Blewett, Sue Dickerson, Wanda Edwards, Ema Gene Zachry, Wilma Schuette and Jessie Pearl Harding. Norma Zachry was stage manager and Johnny Ford was announcer.

Following the play Betty Miller and Frances Gooch presented this year's Quill and Scroll pledges with pins and membership cards. Students who received pins are Valeta Haines, Shirley Harrison, Anita Johnigan, Joan Morton, Ruth Prichard, Louise Dickinson and Geraldine Small.

To conclude the assembly students sang the school song.

School Is Presented Phonograph

For the benefit of the students and faculty, Canyon High School was presented with a record player and approximately 50 popular and classical records from the Parent Teacher Association.

Each year the money that is made from the Hallowe'en Carnival is kept by this association and the money is used to fit its need.

Mr. T. L. Devin, Mrs. Polly Merchant, and Mrs. Billie Simms were the committee who chose the gift. "We did our best to get the most needed item on the list," stated Mr. Devin, chairman.

This gift will be used for all school functions. To give an idea of the type of recordings given the school, here are some of the following: "Shoo Fly Pie" (An Apple Pan Dowdy), "Day By Day," "It's Only a Paper Moon," "Atlanta, Ga.", "Doctor, Lawyer, Indian Chief," and "New San Antonio Rose." Music albums of Victor Herbert, Bing Crosby, Glen Miller, Benny Goodman, and Sammy Kay are also among the selections.

CHS Seniors Choose Ruidosa Outing Site

Ruidosa, New Mexico is the place chosen by the seniors to spend their end-of-school outing. So it's goodbye to readin' — ritin' — rithmetic' cause they are turning the record over to ridin' — rug-cuttin' and round-up. Look out hamburgers and hot dogs in a bun.

Reservations have been made and the class along with Mr. and Mrs. Lloyd Devin are planning to leave Friday morning at 4 o'clock May 17, and stay as long as possible to be back by Sunday evening, May 19.

Hay rides in the moonlight, chuck wagon picnics, mountain climbing, bowling, sightseeing, and shivering in near-freezing weather are the thrills which this group are anticipating.

With such a trip in store, seniors will probably forget they have ever had to burn the midnight oil and keep rather close to the grindstone.

LAST EDITION!

This is the last edition of the paper until next year when again "The Eagle's Tale" staff will endeavor to bring the school's activities before students and public.

The Press Club wishes to show its appreciation to all of the people who have helped to make "The Eagle's Tale" a success this year.

Thanks again!

School Band Has Forty Members

By Guy Brant

Displaying a grand total of forty instruments the Canyon High School band is scheduled to make its second appearance of the year, May 26, at the Commencement Sermon held for CHS and WT in the college auditorium. Wednesday, May 29, this group will play also for the high school graduation exercises, using George H. Sanders' arrangement of "Coronation March" by Meyerbeer on both occasions.

A Cappella Choir Sings

The A Cappella choir consisting of approximately thirty-five members will also give its school debut by singing the "Cherubim Song" with words by D. S. Bartniansky and arrangement by P. Tchaikovsky.

This is the second appearance of the choir, the other being before the Lions Club in April, when they sang "The Bells of St. Mary's" in addition to the "Cherubim Song." The choir is now working on "Come To The Fair," by Helen Taylor. Although the singers have to meet during the noon and have lost some members to the various intramurals which are held at noon, the band has grown.

Band Has Enlarged

About eight of the band members are still in grade school, and recently it has acquired another clarinet player, one bass, several cornet beginners and a flute and two saxaphones.

According to groups, the band has three drums, and one each of the following: cymble, glockenspeil (bell lyre), oboe, bassoon, flute and bass. It has six saxaphones, six slide trombones two Eb alto horns (French horns), eight cornets, five clarinets, three twirlers, three color bearers, three color guards, a drum major and a conductor, Mr. M. D. Shepherd. The band has adopted two mascots: Beverly Boyce Colwell and Don Gay Dickerson.

Mr. M. D. Shepherd states, "The band has great possibilities for the future and with fifteen minutes of practice three days a week we have developed an A Cappella choir that has done very well."

Street Appearance

As most people have probably noticed the band has been doing a lot of marching lately. The director hopes to smooth out a few awkward movements before school is out in order that there will not be so much work for the group to do next fall. Mr. Shepherd plans to take the band down to the square Saturday night and give a demonstration to the townspeople.

Cupid has been very busy with some former students of Canyon High. Mary Alice Campfield and Eugene Bonds were married, May 7, at 8 o'clock a. m. in the Campfield home. They are honeymooning in Old Mexico.

Mary Lou Gunter was given a bridal shower in the home of Mrs. C. O. Elkins, Thursday afternoon, May 9. She is to be married, June 9 to Beal Jackson.

Best wishes for much happiness to you!

Mr. Clovis Shepherd visited his brother, Mr. M. D. Shepherd, the band leader of Canyon High, Wednesday afternoon, May 9. After serving in the infantry for three years, Clovis plans to make his home in San Antonio with his parents and study law at the University of Texas.

Picnic Destinations Are Chosen; Six Classes Have Last Holiday

TO THE JUNIORS

We want to take this opportunity to thank you and tell you how wonderful we think the banquet was Saturday night. We certainly realize the expense and work put into it to make it the nicest affair of the year.

The music was splendid, the program was great and thanks again for the wonderful evening.

Sincerely,
The Seniors.

Class picnics began last Friday afternoon when the eighth grade class left at eleven o'clock for the Country Club where they played baseball, and played on the swings and see-saws. The picnic lunch consisted of sandwiches, punch, potato chips, pickles, fruit, and cookies. The class returned to the school building before the buses ran.

Also, thirteen Spanish students had their club picnic which took place at Elwood Park in Amarillo. Leaving immediately after school in two cars, belonging to Mrs. Knott, sponsor of the club and Mrs. Wilson, the students arrived at the park about four o'clock. Swings, see-saws, and slides provided entertainment for the club until refreshments were served. These consisted of deviled eggs, potato salad, pickles, tomatoes, olives, potato chips, sandwiches, cokes, cake, bananas, and oranges. The Spanish students then left for Canyon and arrived about 6:30 o'clock.

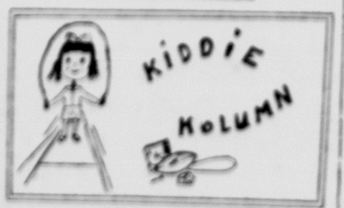
Thursday, May 16, the sophomores left for Gordon-Cummings at eleven o'clock. Swimming is planned for the main event. The picnic lunch was planned and prepared by the room mothers except for the sandwiches which the students brought.

Also, the juniors left today, to go to the Country Club. Their refreshments were planned and prepared by the room mothers.

Friday, May 17th is the date scheduled for the seventh and ninth grades' picnics. For their outing, the seventh plans to go to the Country Club, where they will have the following picnic lunch: sandwiches, deviled eggs, potato chips, pickles, punch, and cheerios. The class is planning for the room mothers and fathers to attend the picnic. Around eighty pupils and adults are expected to be present.

Gordon-Cummings is the place chosen by the freshman class for their picnic. Besides the sack lunches which the students will bring, there will be deviled eggs, pickles, cookies, and ice cream. The school bus and private cars will furnish transportation.

All the classes have the privilege to taking the school bus as a means of going on their picnics.



All the intermediate grades are busily working on a pageant to be presented to the school and the students' mothers at the close of school.

Mrs. A. K. Goodman and her group extend deepest sympathy to Betty Burrus in the loss of her cousin, Glenda Metcalf.

Mrs. Mary Gillispie's third grade finished composing poems "to Mother" last week.

Mrs. Roscoe Davis' third grade pupils bought three new books with their P. T. A. prize money.

Eleven children are out of Mrs. T. W. Collins' class because of the measles.

Darlene Fuqua will celebrate her seventh birthday May 14 in Mrs. Joe Black's first grade.

That's all for this year gradesters, but come around again next year and we'll have some more news.

ANNUALS ARRIVE

Canyon High School annuals for 1946 arrived Monday, May 13. They will cost an additional $1.50, making the total price $2.50 each.

There are a few extra copies, so if you didn't order an annual and want one, hurry and see Betty ann Miller or Frances Gooch at noon this week.

Graduates Designate Their Future Plans

Our dear ole '46 graduates have been convinced that at last it is a reality that they are really finishing high school. Now they have a future to plan and something to look forward to. Some of these seniors, any of the 22, may have to change these plans but it has taken time, trouble and consideration to form the following immediate plans.

Alice Pierce (big future) "I want to be an obstetrician, so to start my work I plan to attend the University of Colorado at Boulder."

"I plan to take nurse training at Northwest Hospital for a year and who knows after that," states Jessie Pearl Harding. (From another statement I believe the thought and maybe the reality of matrimony will enter her life then).

Being the industrial type, Wilma Schuette plans to work for about a year then go to some college and major in cartooning or art.

We received a prospective list for WTSC early in this poll of the future. First are: Louise Dickinson and Billie Jo Wallen with Journalism at the top of their list. Majoring in Physical Education will be Johnnie Ford. The artist, Cheri Kilchrist, chooses art but Anita Johnigan and Norma Zell Zachry have not decided their major.

Shirley Harrison is going to major in Journalism at some college but the place is not definite yet. Ruth Prichard is in the same position with a different major—English.

In the business life will be Norma Jo Currie and Eloise Adams. Both are going to Dallas. Norma Jo has the long time ambition of being a lawyer. Pauline Ruthart will be doing some sort of office work.

Being a good housewife is Billie Danner's future because she will start today. (Congratulations).

"No immediate plans," says Louise Tucek. "Probably I'll work."

Most of the boys will be in about the same rut. Blake Zachry and Weldon Lindsey are to be mechanics. Engineering will be Bobby Mickey and Wesley Prater. Ray McDonald and Malcolm Gunter will precede in the work and study of agriculture. Just to be different, George Schaeffer will be a Hereford breeder.

Yes, our seniors are ambitious and we wish them the best of luck and success in all of their future.

Sports Highlight Shool Events

Awards received by CHS students during 1945-46 school year are both scholastic and athletic. Football and basketball lettermen have already been recognized and will not be mentioned here.

Volleyball Girls Take District

Highlighting the girls' athletics was the winning of the District title by the Eaglettes. Six hard fought games with high ranking teams preceded this victory. The Eaglettes defeated Dumas the third time to take the title. Volleyball lettermen are: Anita Johnigan, Johnny Ford, Martha Jean Avent, Geneva McDougal, Dorothy Butler, Sue Gillispie, and Sue Dickerson. A large trophy and silver volleyballs are to be presented to these girls as soon as they are received.

Intramurals Create Interest

Games between the different classes composed the intramurals. The eighth grade boys leaped ahead to win the basketball intramurals, and have received an engraved trophy. Those on the winning team were: Bruce Winn, Harold Martin, Donnell Ruthart, Billy Joe McCarter, Joe Abbott, Albert Craig, Troy Burrus, William Lindsey, and Charles Mobley. Easton Wall, sophomore, coached the team.

Boys on the all intramural team who received silver basketballs were: Wesley Prater, senior; Lloyd Lindsey, junior; Edwin Bailey, sophomore; Jimmie Lindsey, freshman, Bruce Winn, eighth, and Landon Barrett, seventh.

Winning the volleyball trophy for the second time were the sophomore girls, coached by Valeta Haines. Joan Morton, Sue Gillispie, Billie Bonds, Thelma Bonds, Earlene Davis, Martha Jean Avent, and Geneva McDougal, composed this team.

Receiving medals for being the best player on the class volleyball team were: Norma Zachry, senior; Betty Ann Miller, junior; Billie Bonds, sophomore; Janey Forester, freshman, Joanna Haines, eighth grade, and Ruby Lee Bonds, seventh. Medals were also presented to last year's all-class volleyball team, as they didn't arrive until this season.

Seven Trackmen Letter

Spending many hard hours after school practicing, were the trackmen. Seven boys from CHS entered the District Track meet at Canyon this spring, and five white ribbons and one blue one became theirs. These boys are: Charles Wright, Billy Abbott, Clifford Burtz, Easton Wall, Malcolm Gunter, Lee Bailey, and Meade Michael.

Paper Receives Awards

Fifteen students lettered in journalism after meeting with the required standards. The Eagle's Tale won two awards because of outstanding work this year. These lettermen, who will receive their choice of a letter or pin, are: Louise Dickinson, Frances Gooch, Betty Ann Miller, Cheri Kilchriste, Anita Johnigan, Geraldine Small, Guy Brant, Joan Morton, Valeta Haines, Shirley Harrison, Martha Jean Avent, Geneva McDougal, Ruth Prichard, Louise Tucek, and Billie Wallen.

FFA Club Wins Honors

Taking several awards this year is the FFA Club. At the Clarendon Judging Contest, James Inman tied for first place in judging, and the livestock team took fourth place. This team was composed of James Bible, James Inman, and Jones Hales.

Placing third at the Texas Tech Contest was the poultry team.

James Bible rated second place in swine-judging at the Pampa Livestock Show.

The Amarillo Fat Stock Show was the place of many honors for Jones Hales. He showed a litter of Poland China pigs, and they won third place for litter, and third place in pen of three.

At the Panhandle-Plains Dairy Contest, Jones Hales showed the Grand Champion Heiffer, and won first for his best four heifers.

"Expects More In '46-'47"

"Taking every situation into consideration, our students have won many honors, but I'm hoping we can take more first places next year," states Mr. Milton Sanders, principal.

Buffalo Track Team Gets 5th Place in Conference Meet

Arizona Is Easy Winner; Lloyd Johnson Operated On for Appendicitis

West Texas State track and field men could get no better than fifth place in the Border Conference meet at Tucson Saturday. Lloyd Johnson, who appeared to have a chance for first places in the 100-yard dash and broad jump, was lost to the squad when he developed an attack of appendicitis.

Johnson underwent an operation in Tucson. Coach W. W. Nicklaus remained with him. The speedster, although ill, had qualified in the preliminaries.

The University of Arizona took first place with 62½ points, followed by the University of New Mexico, with 36; Texas Tech, with 29; Arizona State of Tempe, with 18½ West Texas State, with 14; and Texas Mines, 5. Arizona State of Flagstaff and Hardin-Simmons University failed to place.

Point makers for West Texas State were Dwaine Lyons, third in shot-put and javelin; Kenneth Glasgow, fourth in javelin; Maurice Steen, second in broad jump; Joe Willoughby, second in 880-yard run; and Don Leach, fourth in 880-yard run; and the mile relay team, which was third.

The Arizona Wildcats swept the swimming meet, which the Buffaloes did not enter.

Coach W. A. Miller, who made the trip, said some very good marks were made in the meet and that these were better than the best efforts of the Buffaloes this season. The locals were pushed down into places which got them no points. New Mexico University's weight men, who did not come to the meet here were outstanding.

Miss Bond Writes of Amarillo Work In Art and Music

Miss Dorinda Bond, former W. T. graduate student teaching in Amarillo, is the author of an article in the current issue of the Texas Outlook.

This article, titled "Amarillo has Custom-Made Courses," concerns in-service training of teachers. Specialized courses in art and music were offered in the fall semester by supervisors of these subjects. Classwork included laboratory experience in working with materials.

"Bones" Hooks Sends Tribute to W. T. War Dead

Matthew (Bones) Hooks, old-time cowboy and prominent Negro civic worker in Amarillo, has for many years sent tokens of respect at the death of pioneers and on historical occasions.

Received too late to be read at the memorial services for college war dead of World War II was a telegram from Hooks. This read as follows:

"This telegram is my tribute of respect to W. T. alumni dead and my heartfelt greetings to all near kin."

The telegram was addressed to President J. A. Hill.

Rampley Heads T-Club for 46-47

O. C. Rampley, war veteran and [illegible] football, has been [illegible] of the Buffalo T-[illegible] for next year.

Other [illegible] chosen officers are [illegible] resident; James [illegible], Ledru Jacobs, treasurer; H. [illegible]edsoe, sergeant-at-arms; and [illegible] Decker, reporter.

Retiring officers are Jack Ed[illegible]dson, president; Larry Sanders, [illegible] president; Borden Price, secretary; O. C. Rampley, treasurer. The T-Club, which was reorganized this semester, will take an active part in campus activities next [illegible].

"So you've been in England?"

"Yes Ma'am."

"And now you're back home with your buddies?"

"No, Ma'am. I left my buddies over there."

"How terrible! How did it happen?"

"I took over a shipload of mules."

Insurance surveys reveal that persons 40 to 44 years of age, who are over 5 feet 10 inches tall, and who are 20 per cent below the average weight for their height, show an increased mortality of 30 per cent.

Mothers Hear Dr. Snodgrass

Large Crowd Attends Special Program Sponsored by Sigs

Dr. Roy C. Snodgrass, pastor of the First Christian Church, of Amarillo, delivered the Mother's Day address to an assembly of students and 200 mothers Saturday when Alpha Sigma Xi Fraternity sponsored a special program. Dr. Snodgrass, who lost his mother four years ago, was speaking of her and expressed her ideas in his discourse. He feels, as he was sure his mother would feel, that the place of a mother is in the home. A real mother, he said, even though she might have a career, would always place her home foremost. Women often forget that their primary purpose in life is to be a wife and mother.

Dr. Snodgrass was introduced by President J. A. Hill. Bill Montgomery, Sig president, extended a welcome to the mothers who were present and his mother, Mrs. E. C. Montgomery, responded.

"The College Sextet sang "Gee, It's Good To Hold You," arranged by Houston Bright; and "Sun of My Soul," also arranged by Mr. Bright.

A reading was given by Dorothy Ray Bivins. James Harmon sang "That Wonderful Mother of Mine," with Jane Campbell accompanying him.

GOT HIS SHARE

Just before a recent North African battle wes begun, the commanding officer shouted: "The Germans are coming, men, but we're outnumbered four to one, so do your stuff."

Old Joe, a Kentucky mountaineer, began to blaze away, but in about five minutes he stopped and leaned his rifle up against a rock.

"What's the matter?" asked the officer.

"Well, I got my four," replied Joe.

PAY THE PIPER

A Welch preacher was talking to his congregation about salvation. Finally his sermon was finished, and then he said: "Now, then, Brother Smith, will you take up the collection, please?"

At this point an old man got up and started for the door, saying, "Parson, I thought you said salvation was free—free as the water we drink."

"Well, brother," replied the preacher, "salvation is free and water is free, but when we pipe it to you, you have to pay for the piping."

All cud-chewing animals, namely cattle, sheep, goats, deer, antelope, and camels, invariably get up with their hind legs first.

THE STATE OF TEXAS

CARD OF THANKS

We wish to express our thanks to our many friends for the floral offering, food, and kind deeds during the illness and death of our loved one, Glenda.

May God bless each and every one of you. Mr. and Mrs. Ray Metcalf and family.

Bessie, in town with her mother caught sight of a baldheaded man.

"Oh, Mother," she exclaimed, "just see that man! He hasn't a hair on his head. Isn't it sad?"

"Hush!" replied her mother. "He will hear you."

"Oh!" said Bessie in subdued tones, "doesn't he know it?"

Concerned about the happiness of her maid, Mrs. Jones inquired, "Martha, do you think it wise to marry that young man on such short acquaintance? You've only known him for a few weeks."

"Well," answered Martha, after a thoughtful pause, "it isn't as if he was some new fellow. He's well recommended. A girl I know was engaged to him for quite a long time.

"Now, son, you know that a married couple should pull together just like a team of good horses?"

"Yes, dad. Marie and I probably would be if there was only one tongue between us like the horses."

Texas has produced more cotton than any other area in the world, in the past century.
